Considering an IRC § 1031 Tax Deferred Exchange? SEVEN GREAT REASONS TO EXCHANGE

While avoiding those steep capital gains taxes are, for most, the primary consideration for engaging in a 1031 tax deferred exchange, there are many other significant advantages to a tax deferred exchange:

1. Replace non-income producing property with income producing property;
2. Diversify property interests for estate planning purposes;
3. Replace time consuming management properties with more easily managed properties;
4. Exchange into property that can accommodate the taxpayer's trade or business (e.g. taxpayer who owns apartment complex can trade into manufacturing plant);
5. Exchange fully depreciated property to obtain the benefit of a new depreciation schedule;
6. Relocation of taxpayer's business;
7. Relocation of investment property to accomplish ease of management.
